little situation. Now we go through this all the time where you use a shotgun to kill a rabbit, you know. I guess that is what you are suppose to use to kill a rabbit with, a sparrow, a dove, whatever. You use over-kill but why in the world you just couldn't let us check on Senator Savage's amendment for one day gives me some grave concern about what is going on here. What is the big rush? What is the big urgency and Senator Savage has raised some legitimate concerns about what is going on and everyone says, oh no, we can't print that in the Journal. We can't look at that. Let's get this bill passed quick. Just what is the deal.
